9:00 am—11:30 a.m.

Every penny you save for your retirement is important! Through the San Diego County Office of Education, the Fringe Benefit Consortium Deferred Compensation Program is bringing a series of Education Retirement seminars called “Your Money Matter’s.” This is a great opportunity to get some of your questions answered.

Our first in a series of seminars will feature San Diego’s own, Jeff Isaac, “The Lawyer in Blue Jeans.” Lean more about estate planning.

- The effects of probate
- How to avoid the pitfalls
- Current estate planning methods
- Can a living trust protect my assets from creditors?

Your not the only one asking questions about money these days. Many of your colleagues want to know more about their investments and other retirement options. But, that’s not all. The current situation with California budget cuts have left you (and all public servants) at greater personal financial risk than ever before. It’s discouraging, that’s for sure. . . Yet, you shouldn't despair. Benjamin Leger, will present information on “Target Date Funds,” is this an appropriate investment during these volatile times?

This seminar is packed with valuable pocketbook information you need to know, and it’s sole purpose is to inform—nothing will be sold. You’re invited to attend this seminar which designed to help you take charge of your retirement future. Right now—while you still have time to plan.

Presentation is complimentary and spouses are welcomed to join, however space is limited so please reserve your spot today!
