**Overall Morningstar Rating™**

★★★★

Out of 371 Mid-Cap Blend funds. An investment's overall Morningstar Rating, based on its risk-adjusted return, is a weighted average of its applicable 3-, 5-, and 10-year Ratings. See disclosure for details.

**Morningstar Return Average**
**Morningstar Risk Low**
**Investment Strategy** from investment's prospectus

The investment seeks long-term growth.

The fund seeks to meet its objective by investing, normally, at least 80% of its assets in equity securities, including convertible securities of mid-capitalization companies. The fund may invest up to 25% of its total assets in foreign securities. It may also invest up to 20% of its assets in equity securities of issuers that have market capitalizations, at the time of purchase, in other market capitalization ranges and may invest up to 20% of assets in investment-grade debt securities, U.S. government securities, and high-quality money market instruments, including shares of affiliated money market funds.

Past name(s): AIM Mid Cap Core Equity A.

**Category Description: Mid-Cap Blend**

The typical mid-cap blend fund invests in stocks of various sizes and mixed characteristics, giving it a middle-of-the-road profile. Most shy away from high-priced growth stocks, but aren't so price-conscious that they land in value territory.

**Broad Asset Class: Mid Cap Stocks**

Shares of ownership in mid-sized corporations.

**Notes**

This material is authorized for client use only when preceded or accompanied by a Disclosure Statement and a fund prospectus and/or informational brochure containing more complete information. These can be obtained from your investment professional or your plan's website and should be read carefully before investing or sending money.

Morningstar ratings reflect the reduction of the fund's expense ratio. However, your plan may charge an administrative fee and/or plan-level fee, which is not reflected in this rating.

To determine a fund's star rating for a given period, the fund's Morningstar risk score is subtracted from its Morningstar return score. If the fund scores in the top 10% of its respective Morningstar category, it receives five stars; if it falls in the next 22.5%, it receives four stars; a place in the middle 35% earns it three stars; those in the next 22.5% receive two stars; and the bottom 10% get one star.
